Comments on Notice of Allowability

Sir:

The following comments are made with respect to the Examiner's Statement of Reasons
for Allowance. As stated by the MPEP in Section 1302.14, "[w]here specific reasons are
recorded by the examiner, care must be taken to ensure that statements of reason for

allowance...do not place unwarranted interpretations, whether broad or narrow, upon the claims.” Further, the “statement is not intended to necessarily state all the reasons for allowance or all the details why claims are allowed and should not be written to specifically or impliedly state that all of the reasons for allowance are set forth.”

Under 35 U.S.C. § 103, it is mandated that claims be considered as a whole. When considered as a whole, it will be seen that the Examiner has appropriately focused upon particular reasons for allowance and not all the reasons for allowance. While in light of Section 1302.14, applicants do not believe that the Examiner’s statement can or should be misconstrued as being intended to identify the sole reasons for allowance, applicants do not acquiesce in such a conclusion as there are multiple reasons for allowance of all of the claims. The reasons addressed are clearly exemplary and not exhaustive.

Respectfully submitted,
